## Rail electrification update

### Royal Wootton Bassett

Work to demolish and rebuild Marlborough Road/Broad Town bridge in Royal Wootton Bassett is due to start in March 2016.

The reconstruction is part of our programme of work in and around the town to pave the way for a new fleet of longer, faster, quieter and greener electric trains.

Our team will be happy to talk you through the project and answer questions on:

**Thursday 4 February, 2016. 4.00pm – 7.00pm**  
**Lime Kiln Leisure Centre,**  
**Royal Wootton Bassett, SN4 7HG**
